

1

Instead of their action,
a bomb disposal expert cuts
a teammate's wire, saying
"It is RED." If that wire is
not RED, the bomb explodes!

2

4 bomb disposal experts
consecutively cut
EVEN numbers.

3

Uncut wires on a tile stand
consist of 2-wire pairs
(separated by cut wires).

4

The sum of the first
3 **Validation** tokens
used equals 18.

5

2 bomb disposal experts
consecutively perform
the **SOLO Cut** action.

6

On a single tile stand, at least
5 uncut wires have been
isolated (the adjacent
wires have been cut).

7

3 bomb disposal experts
consecutively cut
sequential values
(either up or down).

Examples: 8-9-10 or 5-4-3.

8

The first 2 **Validation** tokens
are put on these numbers:

Number cards
HERE →

9

A tile stand has only uncut **ODD** wires (a minimum of 6 wires).
Ignore **RED** and **YELLOW** wires.

10

On a single tile stand, at least
7 wires have been cut,
but the 2 wires on each end
have not been cut yet.
